INTRODUCTION

To our Fellow Breeders, Farmers and Stockmen:

We have been breeding Short Horn cattle about twelve years, and this, our first sale offering, is the natural increase of the herds, which have become too large for our accommodations. We are anxious that our first sale will be a success and feel that we have made an extremely liberal division of the best things in our herds. Many of our females were secured from some of the best herds in this country. Our herds have been built on conservative lines from some of the best female stock attainable and high class herd bulls of the choicest breeding have always been in service. In fact, six better herd bulls would be hard to find than we have used. In the Pritchard herd the bulls, Favorite and Dale Clarion, and in the Jackson herd Lord Glamis, Blythe Scot Baron Surprise, and Leading Goods.

This offering consists of thirteen bulls and thirty-eight females with thirteen calves at foot. There are included in this sale both heifers and bulls that conform to a strict show yard type. We extend to all a cordial invitation to be with us sale day and are sure that those in search of practical beef and milk Short Horns of the most popular tribes will not be disappointed in the offering.

Respectfully,

H. Pritchard & Son, Walnut, Iowa, and C. H. Jackson, Avoca, Iowa.

Imp. Young Mary—one of the most remarkable cows ever imported. She was sold at the Ohio Imp. Co's. sale, October 29, 1836, with her daughter, Pocahontas, for \$1,500; was a large cow, but not strictly of show yard character; an excellent milker and very prolific breeder. Lived to be about twenty years old and died after giving birth to her sixteenth calf. Five of her daughters were got by Imp. Goldfinder—one of them (Hannah Moore) was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Mary's

Imp. Flora 17th—A dark roan cow, bred by Amos Cruickshank, Aberdeenshire, Scotland; imported in 1883 by Hon. John Dryden, Brooklyn, Ontario, Canada, and purchased at a long price because of her rich breeding and rare individual merit. She was sired by Perfection, one of Mr. Cruickshank's Violet tribe—a favorite tribe bred by him over forty-eight years. Imp. Flora 17th is of the Cresida family, a family that has distinguished themselves as great milk and butter, as well as beef producers.

Malaka's Banff—A grandson of Imp. Lord Banff 150718 (selling at one time for \$5,500.00 and long used with notable results in the M. E. Jones herd), was sired by Cherry Grove Banff 16th 231870, out of Scotch Queen 5th by Victoria's Baron of Main Valley 178885, tracing to Imp. Flora 17th by Perfection 61408.

Malaka's Goods—Was a first prize Junior calf in the open class at the Iowa State Fair in 1908. He was an easy winner and gave every promise of a wonderful show ring career—however, all plans for his further showing were abandoned, a few months later, because of an injury to his leg, which left a permanent blemish. He is proving an excellent sire and is of inestimable worth as a breeder.

Imp. Young Mary		Jupiter (2170)	Bred in Eng.

Imp. Young Mary—one of the most remarkable cows ever imported. She was sold at the Ohio Imp. Co's. sale, October 29, 1836, with her daughter, Pocahontas, for \$1,500; was a large cow, but not strictly of show yard character; an excellent milker and very prolific breeder. Lived to be about twenty years old and died after giving birth to her sixteenth calf. Five of her daughters were got by Imp. Goldfinder—one of them (Hannah Moore) was exhibited at all the leading fairs of Kentucky and never suffered defeat. Young Mary's descendants, like those of young Phyllis, are numbered by the thousands, and there is hardly a herd in the United States so good but what its owner can, with pride, point out some of his best cattle as being Young Mary's

Imp. Mysie 36th—Was a red cow, calved October 12, 1871. Bred by Amos Cruickshank, Sittvton, Aberdeenshire, Scotland, and imported in 1873 by J. I. Davidson of Balsam, Ontario, who at one time was the largest importer of Cruickshank cattle in this country. Sanders History says: "From 1881 to 1887 Mr. Davidson had practically a monopoly of the handling of such stock as Mr. Cruickshank could spare for the American trade, and he imported many massive, thick-fleshed, wide-boddied, short-legged specimens of the Aberdeenshire type."
